

The ANF-L90 linear enclosure has two (2) additional support brackets that install in the center of each side panel. These brackets come flat and must be bent by hand to use the bracket (Fig.1).

## Model: ANF-L90 Instruction Insert Page

**Fig. 1** Bending the "7" Bracket

**Fig. 2** Mounting the "7" bracket to each side panel.

The "7" bracket will mount in the center of each side panel as shown in Fig. 2. Use one self-tapping screw at the top and one self-tapping screw at the bottom of each side panel.
